The 7th IEEE International Conference on
Multimedia Information Processing and Retrieval

IEEE MIPR 2024

August 7–9, 2024

San Jose, California, USA

Jointly collocated with the IEEE International Conference on
Information Reuse and Integration for Data Science (IRI) 2024

Call For Paper

A vast amount of multimedia data is becoming accessible, making the understanding of spatial and/or temporal phenomena crucial for many applications. This necessitates the utilization of techniques in the processing, analysis, search, mining, and management of multimedia data. The 7th IEEE International Conference on Multimedia Information Processing and Retrieval (IEEE-MIPR 2024) will take place in San Jose, CA, USA on August 7–9, 2024, to provide a forum for original research contributions and practical system design, implementation, and applications of multimedia information processing and retrieval. The target audiences include university researchers, scientists, industry professionals, software engineers, and graduate students. The event includes a main conference as well as multiple associated keynote speeches, workshops, challenge contests, tutorials, and panels.

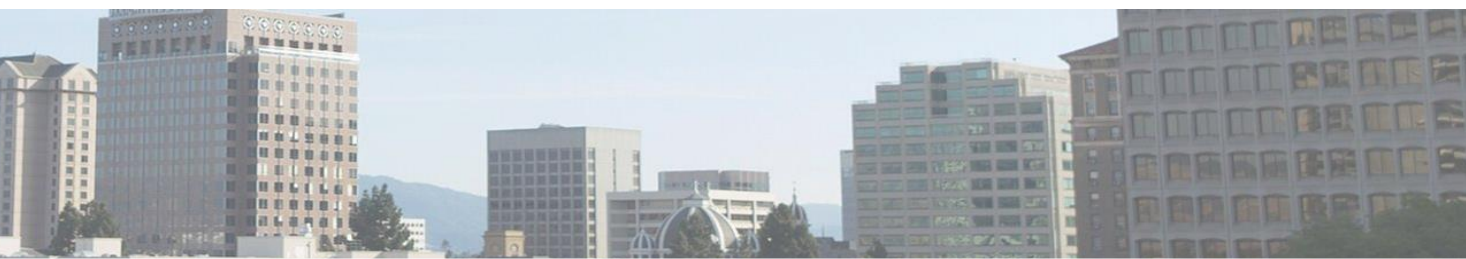

Topics

The conference will solicit original and unpublished papers including:

- Generative and Foundation Models
- Trustworthy AI in Multimedia
- Video/Audio in Multimedia
- Vision & Content Understanding
- Multimedia Retrieval
- Machine/Deep Learning/Data Mining
- Multimedia Systems & Infrastructures
- Networking in Multimedia
- Data Management
- Novel Applications
- Internet of Things in Multimedia
- User Experience and Engagement

Submission Instructions

Papers reporting original and unpublished research results pertaining to the topics in the CfP are solicited. Full paper manuscripts must be in English, following the IEEE two-column template instructions. Submissions should include the title, author(s), affiliation(s), e-mail address(es), abstract, and institution information in the first page. The online submission site is (<https://cmt3.research.microsoft.com/MIPR2024>). We invite submissions in three categories: regular papers (6+1 pages), short papers (4 pages), and demo papers (4 pages). Each submission will undergo a thorough peer-review process.

Important Dates

Submission Deadline: **April 15, 2024 (PT)**
Paper Review Available: **May 8, 2024 (PT)**
Acceptance Notification: **May 20, 2024 (PT)**
Camera Ready Deadline: **June 17, 2024 (PT)**
